UL-CAT70300

3M CAT 7 ETHERNET PATCH CABLE

1YEAR WARRANTY

- transmission data rate up to 10Gbps
- Universal compatability
- RJ45 male to male compatability

NETWORKING RANGE

FABS

Experience a stable & steady data transmission rate with up to 10Gbps and up to 600MHz bandwidth. The additional shielding and improved quality in twisting of the wires provides better protection from crosstalk, noise, and interference.

This ethernet cable works perfectly with PC's, Printers, Routers, Switch Boxes, Network Media Players, Gaming transmission needs and Xbox models one and above as well as PS4 models and above.

SPECS

Transmission Data Rate:
Up to 10Gbps.

Ethernet Network:
High Quality Ethernet Network Cable With Two RJ45 Connectors.

Bandwidth:
Up To 600mHz.

Compliance Standards:
